health hazards

acute: May cause skin irritation. Excessive contact with powder can cause drying of mucous membrane of nose, eyes, and throat due to absorption of moisture and oils. This material can also cause nasal irritation and nosebleeds. Eye contact with powder con result in mild irritation. Vapors from hot processing may cause eye and skin irritation, nausea, vomiting. May be harmful if swallowed.

chronic:

None known

carcinogenicity

NTP

IARC □

OSHA

signs and symptoms of exposure:

See Health Hazards above.

medical conditions generally aggravated by exposure: Persons with breathing problems or lung disease should not work in dusty areas unless a physician approves and certifies their fitness to wear respiratory protection.

hmis rating: 1

section 7 - First Aid Measures

emergency and first aid procedures

inhalation: Move to fresh air.

Move to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give

oxygen. Consult a physician.

ingestion:

Consult a physician.

skin contact:

Wash with soap and water. If irritation develops, consult a physician.

eye contact:

Flush with water for 15 minutes. If irritation develops, consult a physician.

Precautions for Safe Handling and Use

steps to be taken in case material is

released or spilled:

Vacuum spilled material and place in a container for reuse or

disposal.

waste disposal method:

In accordance with federal, state, and local regulations. Refer to

Section X.

precautions to be taken in handling

and storing:

Use with adequate ventilation. Avoid prolonged or repeated inhalation of dust. Do not eat, drink or smoke in work area. Store in a cool, dry, well-ventilated area away

other precautions:

from source of ignition.

Avoid contact with eyes, skin, and clothing.

section 9 - Control Measures

respiratory protection (specify type):

A NIOSH/MSHA approved respirator above PEL or TLV or as

necessary.

ventilation

local exhaust:

mechanical (general):

Recommended to maintain dust and fumes.

Recommended to maintain dust and fumes.

protective gloves:

Impervious

eye protection:

Safety glasses

other protective clothing or equipment:

Eyewash station and safety shower

work/hygienic practices:

Wash thoroughly before eating, drinking, or smoking.
