

**THERBAN 3407**

Version            Revision Date:            SDS Number:            Date of previous issue: 04/08/2019  
2.0                04/23/2020              103000004128            Country / Language: US / EN

---

**SECTION 1. IDENTIFICATION**

Product name                : THERBAN 3407  
Material number             : 06062040  
Recommended use            : crude product for the production of technical rubber articles

**Manufacturer or supplier's details**

Supplier                     : ARLANXEO USA LLC  
                                  111 RIDC Park West Drive  
                                  PITTSBURGHPA 15275-1112  
                                  USA  
Telephone                    : +18448275269 For information: US/Canada  
Emergency telephone        : Chemtrec +18004249300  
                                  Chemtrec Intl. +7035273887

---

**SECTION 2. HAZARDS IDENTIFICATION****GHS classification in accordance with the OSHA Hazard Communication Standard (29 CFR 1910.1200).**

The polymer is not hazardous in the form in which it is placed on the market as long as the hazardous component is included in the polymer matrix.

**GHS label elements**

The polymer is not hazardous in the form in which it is placed on the market as long as the hazardous component is included in the polymer matrix.

---

**SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS**

Chemical nature             : Hydrogenated acrylonitrile-butadiene-rubber (HNBR)

**Hazardous ingredients**

No hazardous ingredients according to the OSHA Hazard Communication Standard 29CFR 19101200.

---

**SECTION 4. FIRST AID MEASURES**

If inhaled                    : If inhaled, remove to fresh air.  
                                  Get medical attention if symptoms occur.  
In case of skin contact     : Wash off with soap and water.  
                                  Get medical attention if symptoms occur.  
In case of eye contact      : Flush eyes with water as a precaution.  
                                  Get medical attention if symptoms appear.  
If swallowed                 : Get medical attention if symptoms appear.

**THERBAN 3407**

Version            Revision Date:            SDS Number:            Date of previous issue: 04/08/2019  
2.0                04/23/2020              103000004128            Country / Language: US / EN

---

**Most important symptoms and effects, both acute and delayed**

Symptoms                            : Skin: Reddening, burning, and possible permanent damage.  
Effects                                : Contact with hot material causes thermal skin burns.  
Protection of first-aiders        : No action shall be taken involving any personal risk or without suitable training.

---

**SECTION 5. FIRE-FIGHTING MEASURES**

Suitable extinguishing media    : Water spray  
Foam  
Dry chemical  
Carbon dioxide (CO<sub>2</sub>)  
Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.  
Unsuitable extinguishing media : None known.  
Specific hazards during fire fighting : Toxic and irritating gases/fumes may be given off during burning or thermal decomposition.  
Hazardous combustion products : Carbon dioxide (CO<sub>2</sub>)  
Carbon monoxide  
Nitrogen oxides (NO<sub>x</sub>)  
Further information                : Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire.  
No action shall be taken involving any personal risk or without suitable training.  
Special protective equipment for fire-fighters : Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

---

**SECTION 6. ACCIDENTAL RELEASE MEASURES**

Personal precautions, protective equipment and emergency procedures : No action shall be taken involving any personal risk or without suitable training.  
Put on appropriate personal protection equipment.  
Do not touch or walk through spilled material.  
Evacuate personnel to safe areas.  
Keep unnecessary and unprotected personnel from entering.  
Environmental precautions        : Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.  
Methods and materials for containment and cleaning up            : Move containers from spill area.  
Vacuum or sweep up material and place in a designated, labeled waste container.

---

**THERBAN 3407**

Version            Revision Date:            SDS Number:            Date of previous issue: 04/08/2019  
2.0                04/23/2020                103000004128            Country / Language: US / EN

---

Dispose of wastes in an approved waste disposal facility.  
Do not allow spilled material or wash water to enter sewers,  
surface waters, or groundwater systems.

---

**SECTION 7. HANDLING AND STORAGE**

- Advice on safe handling            :    Remove contaminated clothing and protective equipment before entering eating areas.  
Workers should wash hands and face before eating, drinking and smoking.  
Put on appropriate personal protection equipment.  
Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed.
- Conditions for safe storage        :    Store in accordance with local regulations.  
Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials (see Section 10) and food and drink.  
Keep container closed when not in use.  
Containers that have been opened must be carefully resealed and kept upright to prevent leakage.  
Do not store in unlabeled containers.  
Use appropriate container to avoid environmental contamination.
- Recommended storage temperature    :    < 95 °F (< 35 °C)
- 

**SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION**

**Ingredients with workplace control parameters**

Contains no substances with occupational exposure limit values.

- Engineering measures**            :    Good general ventilation should be sufficient to control worker exposure to airborne contaminants.

**Personal protective equipment**

- Respiratory protection            :    Respirator selection must be based on known or anticipated exposure levels, the hazards of the product and the safe working limits of the selected respirator.

Hand protection

- Remarks                            :    Wear suitable gloves.

- Eye protection                    :    Safety glasses with side-shields

- Skin and body protection         :    Wear suitable protective clothing.

- Hygiene measures                 :    Wash hands, forearms and face thoroughly after handling chemical products, before eating, smoking and using the
-

# SAFETY DATA SHEET

## THERBAN 3407

Version 2.0      Revision Date: 04/23/2020      SDS Number: 103000004128      Date of previous issue: 04/08/2019  
Country / Language: US / EN

---

lavatory and at the end of the working period.  
Ensure that eyewash stations and safety showers are close to the workstation location.

---

### SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

Physical state	: solid
Appearance	: rubber bales
Color	: light brown
Odor	: slight
Odor Threshold	: No data available
pH	: No data available
Melting point/freezing point	: No data available
Boiling point/boiling range	: No data available
Flash point	: No data available
Evaporation rate	: No data available
Flammability (solid, gas)	: No data available
Upper explosion limit / Upper flammability limit	: No data available
Lower explosion limit	: No data available
Vapor pressure	: No data available
Relative vapor density	: No data available
Relative density	: No data available
Density	: No data available
Solubility(ies)	: No data available
Partition coefficient: n-octanol/water	: No data available
Ignition temperature	: > 572 °F (> 300 °C)
Decomposition temperature	: > 572 °F (> 300 °C)
Viscosity	: No data available

**THERBAN 3407**

Version            Revision Date:            SDS Number:            Date of previous issue: 04/08/2019  
2.0                04/23/2020              103000004128            Country / Language: US / EN

---

Explosive properties            : No data available  
Oxidizing properties            : No data available

---

**SECTION 10. STABILITY AND REACTIVITY**

Reactivity                        : No specific test data related to reactivity available for this product or its ingredients.  
Chemical stability                : The product is stable.  
Possibility of hazardous reactions            : None known.  
Conditions to avoid              : Extremes of temperature and direct sunlight.  
Incompatible materials           : No specific data.

**Hazardous decomposition products**

Thermal decomposition           : Caused by smouldering and incomplete combustion toxic fumes mainly consisting of CO and CO<sub>2</sub> may be developed. Degradation products of the polymers and their additives may also be formed.

---

**SECTION 11. TOXICOLOGICAL INFORMATION**

The most important known symptoms and effects are described in Section 2 and/or Section 4.

**Information on likely routes of exposure**

Inhalation  
Skin contact

**Acute toxicity**

Not classified based on available information.

**Product:**

Acute oral toxicity                : LD50 (Rat): > 5,000 mg/kg

**Skin corrosion/irritation**

Not classified based on available information.

**Serious eye damage/eye irritation**

Not classified based on available information.

**Respiratory or skin sensitization****Skin sensitization**

Not classified based on available information.

---

**THERBAN 3407**

Version      Revision Date:      SDS Number:      Date of previous issue: 04/08/2019  
2.0          04/23/2020          103000004128      Country / Language: US / EN

---

**Respiratory sensitization**

Not classified based on available information.

**Germ cell mutagenicity**

Not classified based on available information.

**Carcinogenicity**

Not classified based on available information.

**IARC**

No ingredient of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.

**OSHA**

No component of this product present at levels greater than or equal to 0.1% is on OSHA's list of regulated carcinogens.

**NTP**

No ingredient of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.

**Reproductive toxicity**

Not classified based on available information.

**STOT-single exposure**

Not classified based on available information.

**STOT-repeated exposure**

Not classified based on available information.

**Aspiration toxicity**

Not classified based on available information.

**Further information****Product:**

Remarks: Under the recommended processing conditions small amounts of emitted substance (e.g. residual monomers, residual solvents, decomposition products) may be discharged.

According to our experience and information the product has no harmful effects on health if properly handled.

The substance(s) listed in Chapter 3 is/are encapsulated in this preparation in a polymer and is/are therefore not bioavailable.

---

**SECTION 12. ECOLOGICAL INFORMATION****Ecotoxicity**

No data available

**Persistence and degradability**

No data available

**Bioaccumulative potential**

No data available

**THERBAN 3407**

Version 2.0      Revision Date: 04/23/2020      SDS Number: 103000004128      Date of previous issue: 04/08/2019  
Country / Language: US / EN

---

**Mobility in soil**

No data available

**Other adverse effects**

**Product:**

Additional ecological information : The product is practically insoluble in water. In view of its consistency and insolubility in water, no ecological problems are to be expected if the product is properly handled. This product is not readily biodegradable.

---

**SECTION 13. DISPOSAL CONSIDERATIONS**

RCRA - Resource Conservation and Recovery Authorization Act : If discarded in its purchased form, this product would not be a hazardous waste either by listing or by characteristic. However, under RCRA, it is the responsibility of the product user to determine at the time of disposal, whether a material containing the product or derived from the product should be classified as a hazardous waste. (40 CFR 261.20-24)

Disposal methods : The generation of waste should be avoided or minimized wherever possible.  
Waste disposal should be in accordance with existing federal, state, provincial and/or local environmental controls.  
This material and its container must be disposed of in a safe way.  
Empty containers retain product residue; observe all precautions for product.  
Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.  
Empty containers should be taken to an approved waste handling site for recycling or disposal.

---

**SECTION 14. TRANSPORT INFORMATION**

**Domestic regulation**

**DOT**

Not regulated as a dangerous good

**International Regulations**

**IATA-DGR**

Not regulated as a dangerous good

**IMDG-Code**

Not regulated as a dangerous good

**Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code**

Not applicable for product as supplied.

---

### SECTION 16. OTHER INFORMATION

#### Further information

##### NFPA:

##### HMIS® IV:

HEALTH	0
FLAMMABILITY	1
PHYSICAL HAZARD	0

HMIS® ratings are based on a 0-4 rating scale, with 0 representing minimal hazards or risks, and 4 representing significant hazards or risks. The "\*" represents a chronic hazard, while the "/" represents the absence of a chronic hazard.

LANXESS' method of hazard communication is comprised of Product Labels and Safety Data Sheets. HMIS and NFPA ratings are provided by LANXESS as a customer service.

Revision Date : 04/23/2020
